HOPEforHEARTS

Hope for Hearts is a support organization dedicated to advancing the mission and research of the Cardiovascular Research Foundation of Southern California. Its purposes include:

1. Raising funds to support cardiovascular research, especially those studies for which outside funding may not be available.
2. Providing education about the causes, treatments and ways to prevent or forestall cardiovascular disease.
3. Spreading the word about the debilitating effects of cardiovascular disease and the importance of helping promote research that may greatly diminish or eradicate it.

I would like more information about becoming a Founding Member of Hope for Hearts. Please contact me at (_____) _____.

The best time to reach me is _____

Yes, I would like to participate in Hope for Hearts.

- Please contact me about a making financial contribution
- Please add me to the Foundation's educational e-mail list and send me occasional updates about what CVRF is doing.
- I would like to be included in future educational events
- Please add the following people to CVRF's educational e-mail list:

(CVRF will not share the names or other information about its contributors and supporters with any other organization or individual)

I would consider hosting a future fund-raising/educational event for Hope for Hearts in my home

Please contact me about including the Cardiovascular Research Foundation of Southern California in my estate plan

You have permission to publish my/our name(s) as supporter(s) of Hope for Hearts
